Health care in a familiar place of comfort... your home.

Health care at home.

Client Home Healthcare delivers comprehensive health care in your

home. We recognize that your home is where you are most comfortable and secure. The focus of our dedicated staff and skillful health care professionals is to aide you back to an optimal level of health while you convalesce in your own home. Receiving health care at home provides you with many advantages:

- ☐ The opportunity to be with your family and friends and still receive the health care you need.
- ☐ Be actively involved with the decision-making and planning of your care.
- ☐ Significantly reduces medical costs without loss of quality of care.
- ☐ Be able to plan treatments and procedures to optimize your individual lifestyle and schedule.

Our health care delivery system focuses on you as an individual person in need of sensitive and compassionate medical care.

**We will make a positive
difference in your health
and well being.**
